F.C.M.™

FILING, CATALOGING AND MAILING

F. C. M.™

FILING, CATALOGING AND MAILING

F.C.M. is the SINGLE program you'll need to file, catalog and prepare mailing labels for any imaginable use. For example, if you've got a record and tape collection, F.C.M. can file it by artist, type of music, year or any other criteria of up to 10 categories. Cataloging your medical records, to name just another example, is a snap with F.C.M. And a mass-mailing, or setting up your Christmas Card list, is much easier and faster with F.C.M.

HIGHLIGHTS

- Custom labels and on-screen formatting
- Prints return addresses on envelopes
- Allows you to add an "Attn:" line to your labels
- Prints up to 9 lines on labels
- "Default" entries allowed (for example, if you are sending several letters to California, simply enter CA as a "default" and you won't have to type in "California" each time you compose an address)
- Prints master or specialized lists

THE USES ARE LIMITED ONLY BY YOUR IMAGINATION

Whatever you need to categorize, file, and/or mail, F.C.M. can do it for you. Here are just a few applications:

- Stamp, coin, book, or recipe collections
- Insurance policies
- Birthdays, anniversaries, or other important dates
- Wedding Invitation Lists
- Home Inventory (Furniture, Possessions, etc.)

TUTORIAL, STEP-BY-STEP USER'S MANUAL INCLUDED

F.C.M.'s tutorial-style user's manual takes you step-by-step through what has been called the most "user-friendly" program on the market.

CUSTOMER SUPPORT

Continental Software's experienced Technical Support Department will assist all users who may have questions concerning this program. Direct telephone support is provided for all users who have registered and paid the extended warranty fee.

WARRANTY CARD

LIMITED WARRANTY POLICY: ALL of ARRAYS, INC./Continental Software products are warranted against any manufacturing defects for a period of 90 days from the date of purchase. If the product becomes defective or fails to perform as described in the manual during this 90 day period, ARRAYS, INC./Continental Software will replace the program disk at no charge.

In addition, upon our receipt of a completed warranty card, you are entitled to the following benefits: (1) a backup program disk for copy protected software; (2) support via mail service for one year; (3) replacement of any damaged program disk which is out of the 90-day warranty period for a charge of $17.50 plus $2.00 shipping and handling per disk.

EXTENDED WARRANTY POLICY: To extend your warranty coverage beyond the normal 90-day period, you must return the completed Warranty Card with the extended warranty fee of $20 (only $10 for The Tax Advantage).

Upon our receipt of a completed warranty card and the extended warranty fee, you are entitled to the following benefits: (1) a backup program disk for copy protected software; (2) support via both telephone and mail service for a period of one year; (3) replacement of damaged disks free of charge for one year; (4) a new program disk free of charge in the event of any updates or enhancements to the program during the year in which you are registered; (5) an informative newsletter with helpful hints on using our programs.

We cannot accept telephone queries if you are not registered under our extended warranty program. However, if you do have a problem you wish to discuss on the telephone, and you have not registered, it is possible to do so over the phone with your VISA or MasterCard.
